

INVESTMENT MANAGEMENT ADMINISTRATION & CLIENT SERVICING

IMACS @TSIBA INTERNSHIP BROCHURE

September 2024

1. THE PURPOSE OF THE COURSE AND ENTRY REQUIREMENTS

The programme has been designed by the industry, to be delivered by expert practitioners and will dovetail with employers' need to identify and recruit graduates who are more "work ready" and who have a practical understanding of the investment administration environment and its systems.

The programme forms part of our larger vision to work with universities to provide specialised learning and employment opportunities to students considering a career in financial services. With our first partner higher education institution, TSIBA Business School, registered as TSIBA Education, students pursuing the finance stream complete the full IMACS programme during the latter half of their second year and former half of their third and final year of their Bachelor in Business Administration: Finance degree. TSIBA is providing an incredible talent pipeline for the firms who sponsor students' participation on this programme. Sponsors have the following options:

1. Make a financial contribution of R18,500 + VAT per student which can be allocated to specific beneficiaries (students) and enables the ASISA Academy to deliver the academic component to all TSIBA's BBA Finance students over 12 months, from the middle of their second year to the middle of their third and final year of study.
2. Make a financial contribution of R18,500 + VAT per student to the delivery of the academic component **and** host your selected student/s for the 16-week internship component paying them a monthly stipend ranging from R4,000 to R9,000 per month for the 4 months of their internship (August - November of the student's final year of study).

In 2024, the cost to fund one student will be R18,500 excluding VAT. The cost structure change is due to the change in programme design which now makes provision for all qualifying students to complete the IMACS academic component of the programme. The programme qualifies as Category B on the Learning Programme Matrix.

2. ACADEMY VISION & CONTEXT

The ASISA Academy creates and delivers high quality solutions to meet the skills development needs of South African Savings, Life Assurance and Investment Management organisations. Our learning solutions are informed by and responsive to industry realities and delivered in an academically sound and practitioner-led manner.

The Academy resulted from the need for a fresh approach to developing savings and investment management skills and achieving broader, more rapid transformation of the industry. The intention is take delegates' learning beyond that of their tertiary studies using an approach that responds to industry realities and is delivered by industry experts in an academically sound manner.

More than 21,000 people in the Southern African financial services sector have learned with the ASISA Academy since 2008 with over 1000 industry presenters keeping the learning rooted in reality.

The Academy has a Level 1 B-BBEE rating.

3. ACTIVE LEARNING

We work hard at the ASISA Academy to ensure every learning experience is as interactive as possible. To achieve this, we draw on the expertise of some of the most experienced and specialised professionals in the industry and we limit the size of our groups. The following diagram captures the Academy approach to learning. We aim to achieve the bulk of our learning in the biggest circles.

Class sizes are limited to enable a supportive learning environment in which no committed participant gets left behind. Delegates will be required to bring a laptop or tablet in order to make full use of the online learning environment during the sessions.

4. COURSE LEARNING OUTCOMES

The following table summarises each Learning Area and Learning Outcomes covered during the course.

5. PROGRAMME CHAMPION

Anton Berkovitz - BBusSci Finance, CA(SA), CFA Investment Foundations Certificate

Anton has worked in financial services for almost 30 years including 19 years at Metropolitan Asset Management in various capacities ranging from Head of Operations to Head of Investment Services to Head of Business Strategy. He is the Academy's Programme Champion for our Investment Management courses ranging from introductory courses for undergraduate students to more highly specialised investment courses for people who are already working in the industry.

6. FEEDBACK FROM PAST DELEGATES

Some comments from past IMACS@TSIBA delegates about their experiences on our courses:

- "My stay so far is going great, I am learning a lot. Thanks to ASISA Academy, I am able to keep up with jargon and processes that happen in this industry."
IMACS@TSIBA intern at Prescient Investments
- "It has been 5 weeks since I started my IPJ. I am motivated and inspired to come in every morning to offer my services and learn from the Enterprise Solutions team. It has been a pleasure to be given this opportunity as it will open many doors for me within the financial services sector."
IMACS@TSIBA intern at Futuregrowth

- "Presentations were well structured and brilliantly executed."
- "I had a good IMA introduction; it was informative and gave me a brief insight into the world of investments. The presenters did an excellent job at conveying the content and relevant information."
- "The presenters were both good, especially Terence. He kept us on our toes. I enjoyed how engaging he was."
- "Today's session made me look at investments in a different light - also considering the mind-set of most portfolio managers and what type of investing one should consider in building wealth."
